

At GMFRS we are having a major overhaul of some of our fire stations to make sure they are fit for the future.

PROPOSED WHITEFIELD FIRE STATION

One of the stations being improved is Whitefield. We are proposing to build a brand new fire station on the existing site over the next year.

This multi-million pound investment will provide a modern, environmentally friendly fire station close by, with community facilities such as a room that local groups and organisations can use.

We've spent a lot of time over the last year talking to our partners and staff, but now we want to hear what the local community thinks.

If you'd like to find out more about our plans, including the proposed designs of both the inside and outside of the new fire station, and details of the drop-in session we'll be hosting, then scan the QR code.

If you'd like to submit your views on the plans, go to www.gmconsult.org

Please let us know what you think by Monday 13th March 2023

Thank you for taking the time to tell us what you think about our plans for a new fire station in Whitefield.

To submit your response, you can:

- Go to www.gmconsult.org and respond digitally
- Drop this form at the fire station
- Take this form to the drop-in session and hand it to one of the project team
- Email a photograph of it to: engagement@greatermanchester-ca.gov.uk
